

MA163UY01

MOBILE ANTENNA

MA163UY01 is a very flat antenna of our Millenium series, intended for installation inside vehicles on the front or rear window. It is fitted with a 2.5 meters RG174 coaxial cable and a FME female connector. It can also be used for covert installations, as a non-visible antenna.

Type	MA163UY01
Frequency (MHz)	870 - 960 / 1710-2170 / 2400 - 2500
Gain (dB)	0
Impedance	50
VSWR	< 1.7 (870 - 960 MHz) < 1.6 (1710 - 1900 MHz) < 1.8 (1900 - 2170 MHz) < 1.8 (2400 - 2500 MHz)
Polarisation	Linear
Maximum Power (Watts)	20
Termination	2.5 m cable RG174 + FME female
Dimensions mm	105 x 55 x 5
Weight (g)	55
Colour	Black
Shroud	UV protected Plastic
Brackets / Mounting	The antenna is attached by using the adhesive pad fitted on the antenna.
